

Help Turn Pints to Gallons

Pints to Gallons is a program that allows community members to become involved in the Great American Milk Drive.

How it works:

1. Upon request, Ozarks Food Harvest will deliver a pint-size milk bottle to an organization
2. The bottle will be placed in a visible location at the organization where individuals can donate any amount they choose
3. At the conclusion of National Dairy Month, June 30th, the bottle will be collected or returned to Ozarks Food Harvest
4. All donations in the milk pint will go toward the Great American Milk Drive
